
BBS Track® Leverage Questions

Sample leverage questions for your clients:

1. How are you currently maintaining accurate job descriptions and the hazards associated with each job in your organization?
2. How do you make certain to include all the hazards of each job?
3. How do you determine training needs for certain jobs?
4. How do you currently use your JHAs to demonstrate to the market that you have a proactive safety program?

Leverage by driving client awareness and usage!
