

# Driving Safety Training

Educate employees about the benefits of driving safety to minimize organization costs and keep your employees safe

- ✓ Reinforce your safety culture with our training on Driving Safety for Non-Commercial Drivers.
- ✓ Increase productivity and reduce lost time by ensuring your employees know and practice safe driving and vehicle operation techniques.
- ✓ Decrease costs associated with accidents and avoid medical and legal expense.
- ✓ Support your employees and improve your bottom line by providing cost-effective training.

## Highlights of the Driving Safety for Non-Commercial Drivers Training Curriculum

- ✓ Employees learn:
  - How driver safety awareness and training can save lives.
  - The benefits of driving preparation and vehicle inspection.
  - Defensive driving and safe driving practices while on the job, commuting, and during all other times of the day.
  - The risks of hand-held devices and the associated costs/accidents.
- ✓ This Training is completely integrated with Training Track™.
- ✓ Click to view a short, [interactive demo](#).
- ✓ Click to view a [video on the Driving Safety Training](#).

Call your risk management platform provider or Succeed Client Services at 503.766.6099 or [clientservices@succeedms.com](mailto:clientservices@succeedms.com) for more information about the Driving Safety Training.
